### 1. Unusual events and reaction of the Bank's Group

The Powszechna Kasa Oszczędności Bank Polski S.A. Group (PKO Bank Polski S.A. Group, or the Bank's Group) is one of the largest financial institutions in Poland and one of the largest financial groups in Central and Eastern Europe. Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna (PKO Bank Polski SA or the Bank), the Parent of the Bank's Group, is the largest commercial bank in Poland and a leading bank on the Polish market in terms of its scale of operations, equity, loans, deposits, number of Customers and the size of the distribution network.

In the first quarter of 2021 the Bank's Group continued actions aimed at mitigating the legal risk of court proceedings with respect to foreign currency mortgage loans granted to households for housing purposes. It continued to support communities and Customers in their fight against the COVID-19 pandemic and its effects.

### FOREIGN CURRENCY MORTGAGE LOANS

On 23 April 2021 the Extraordinary General Shareholders' Meeting of PKO Bank Polski S.A. (EGM) decided to conclude settlements with consumers who had concluded loan or borrowing agreements with the Bank secured by mortgages indexed to foreign currencies or denominated in foreign currencies (hereinafter: settlements with consumers).

Pursuant to the resolution passed:

- the Bank set up a special fund of PLN 6.7 billion for offsetting particular balance sheet losses which will arise as a result of recognizing the financial effects of the settlements with consumers;
- the Bank isolated from the Bank's supplementary capital, in the part created from prior years' retained earnings available for division, PLN 6.7 billion and transferred it to the special fund referred to above;
- the General Meeting obliged the Bank's Management Board to present for approval by the Bank's Supervisory Board the terms and conditions on which the settlements will be concluded with consumers, including the terms and conditions for forgiving debt;
- the Bank's Management Board may start concluding the settlements with consumers (including those that stipulate debt forgiveness) after the Bank's Supervisory Board issues a positive opinion on the terms and conditions on which they are to be concluded, including the debt forgiveness. The content of individual settlements should be within the limits of the terms and conditions on which the Bank's Supervisory Board gives its opinion.

The principles for concluding settlements will include the assessment of legal risk, including the changes that may occur in the legal environment.

PKO Bank Polski S.A. assessed the costs of the expected settlements with the Customers and accounted for them in the results for 2020.

In 2020 the Bank's Group recognized a material foreign currency position in CHF of approx. PLN 14.2 billion in connection with the Bank's intention to conclude settlements with consumers confirmed by the Resolution of the EGM. As at the end of April 2021 the Bank's Group fully hedged this foreign currency position by concluding, and then closing option contracts which gave the Bank a right to purchase foreign currencies, and by concluding and settling a series of Forex transactions under which the Bank's Group purchased foreign currencies with PLN. After the foreign currency position was hedged the capital requirement with respect to market risk was significantly reduced.

### ACTIONS ON BEHALF OF COMMUNITIES AND CUSTOMERS DURING THE CORONAVIRUS PANDEMIC

Since the beginning of the COVID-19 pandemic the PKO Bank Polski S.A. Group has been supporting local communities and the Customers who found themselves in a difficult economic position.

In the first quarter of 2021 it made monetary donations exceeding PLN 2.2 million, including:

- for the purchase of a computer CAT scanner with a radiologic platform for analysing X-ray images, supported by Artificial Intelligence, for the Central Clinical Hospital of the Ministry of the Interior and Administration;
- for additional specialist equipment in four medical facilities, earmarked for patients who have had COVID-19;
- for co-financing a project financed by the Polish Chamber of Insurance, aimed at supporting the Chief Sanitary Inspector in handling the consultation process and informing of the epidemic and sanitary situation related to the pandemic.

In the first quarter of 2021 the Bank's Group introduced moratoria for Customers suffering from the effects of the pandemic, including from so-called threatened industries. PKO Bank Polski S.A. offered businesses:

- suspension or extension of payment of instalments (principal or principal and interest depending on the size of the enterprise and the form of financing) of investment loans, mortgage advances, SME advances, non-revolving working capital loans and restructuring agreements;
- renewal of revolving loans (i.e. current account overdrafts, revolving loans in credit accounts and credit cards) which matured up to 31 March 2021;

for a maximum period of up to nine months, where according to the Bank, the nine months included periods of postponements or renewals made in 2020.

The Bank assessed the creditworthiness of Customers who submitted applications for these aforementioned support measures according to simplified procedures specified in the Banks' Position with respect to standardizing the principals for offering support tools to customers, developed under the aegis of the Polish Banks Association.

PKO Leasing S.A. and companies of the Prime Car Management S.A. Group continued to provide relief to Customers and simplifications to the procedures introduced in 2020.

The Customers of the Bank's Group were able to continue to avail themselves of the support introduced as part of the Anti-Crisis Shields, including by Bank Gospodarstwa Krajowego and Polski Fundusz Rozwoju S.A. (PFR).

In the first quarter of 2021 this support was expanded in particular by subventions under the PFR Financial Shield 2.0 for micro, small- and medium-sized enterprises from 54 industries, which had to limit business activities due to the epidemiological situation. Until the end of March 2021 the Bank's Customers could file applications through the iPKO and iPKO biznes Internet services. Until 15 April 2021 claims were accepted. Approx. 8.8 thousand enterprises availed themselves of this form of support via PKO Bank Polski S.A., and the total amount of subsidies provided was PLN 1.3 billion.

### 2. Business Conditions

According to preliminary data, in the first quarter of 2021 GDP dropped by 1.2% y/y compared with the 2.7% y/y drop in the fourth quarter of 2020. Compared with the fourth quarter of 2020 GDP increased by 0.9% q/q, despite business activities still being largely determined by the pandemic in the first quarter of 2021 and the subsequent waves of tightening restrictions related to the spread of the pandemic. To the largest extent, the tightening of restrictions translated to individual consumption and retail trade and service sectors. Industrial processing and foreign trade became largely independent of the pandemic trends, and business activity in these areas gradually increased, despite the increasing problems with manufacturing components in many industries. With the tightening of restrictions anti-crisis actions were extended, and that kept the labour market in hibernation. The registered unemployment rate increased to 6.5% in January and February, in line with the seasonal trend, and once again started dropping in March (6.4%). The harmonized unemployment rate dropped to 3.1% and was the lowest in the European Union.

As the belief in global economic revival grew, prices of raw materials, including oil, started to go up. Accompanied by increases in administered prices, this translated into another increase in domestic CPI inflation, which amounted to 3.2% y/y in March compared to 2.4% y/y as at the end of 2020.

The National Bank of Poland (NBP) upheld its loose approach in monetary policy and the most probable scenario for the following quarters is that interest rates will not be changed. The NBP emphasized that the increase in inflation is temporary and independent of the national monetary policy. It drew attention to the high uncertainty of

revival prospects and the negative demand gap, which reduce the space for interest rate increases. After a wave of weakening of the PLN in March, the Monetary Policy Council ceased notifying in its communiques of insufficient adaptation of the exchange rate of the PLN to the monetary policy and to the pandemic crisis.

Data on the results of the public finance sector for 2020 showed that in accordance with the EU methodology (ESA) the increase in public finance deficit and public debt was lower than forecast and lower than in 2009-2010.

#### **NBP** interest rates:

- reference 0.10%bill of exchange rediscount 0.11%
- bill of exchange discount 0.11%
  bill of exchange discount 0.12%
- Lombard 0.50%Deposit 0.00%

The general government deficit increased to 7.0% of GDP from 0.7% in 2019 (vs 7.3% and 7.4% in 2009-2010). Public debt increased to 57.5% of GDP from 45.6% of GDP. Current data about executing the State budget shows

that there is space for lower than assumed in the Budget Act execution of the deficit throughout the year as the budget revenues will be increased by the inflow from NBP profit for 2020 of PLN 8.9 billion.

Better economic growth prospects and an upward inflation trend had a material impact on the interest rate market. Returns on bonds increased both in Europe and in the USA. In the first quarter of 2021 returns on Polish bonds increased: 5-year by 37 bp. to 0.84%, and 10-year by 32 bp. to 1.58%. Confidence in economic revival is conducive to improved conditions on the global stock markets. The main index of the Warsaw Stock Exchange, WIG, also improved and increased by nearly 2% in the first quarter compared with the end of the previous year. The exchange rate of the PLN on the financial market was under pressure, among other things due to the rhetoric of the NBP and dropped vis-à-vis EUR by 7 grosz, and vis-à-vis USD by 22 grosz in the first quarter of 2021.

### 3. FACTORS WHICH DETERMINE FUTURE RESULTS

The following external factors may have an impact on the operations of the Bank's Group in 2021:

#### IN THE GLOBAL ECONOMY:

- acceleration of COVID-19 inoculations, which will allow for lifting of restrictions and normalization of business activities:
- risk of further mutations of the virus, which could reduce the effectiveness of the inoculations and lead to further waves of the pandemic and the tightening of anti-pandemic restrictions;
- the process of revival of the global economy after the deep recession caused by the pandemic, including those countries which are the key export markets for Polish enterprises;
- continuation of the expansionary monetary policy by lead central banks, both by maintaining interest rates at historical lows and further purchases of assets under the QE programmes, accompanied by growth in inflationary expectations and long-term market interest rates;
- maintaining expansionary fiscal policy with especially strong expansion in the USA and preparations for expenses under the Next Generation EU;
- risk of a wave of state bankruptcies;
- political and economic conditions in Ukraine.

### IN THE POLISH ECONOMY:

- progress in the vaccination programme, which should lead to herd immunity in early autumn;
- fast revival of business activities supported by, among other things, the nature of the fiscal impulse and a drop in savings enforced by the pandemic;
- the process of adapting the economy to the post-pandemic reality restructuring of employment and activities
  in the industries most afflicted by the long tail of negative effects of the pandemic, which thanks to rising
  demand at macro level should have the nature of "creative destruction", but temporarily may lead to
  turbulences on local labour markets, the start of the process of repayment of the reimbursable portion of
  support under the Financial Shield;
- probable stabilization of NBP interest rates at a record low, continuation of the asset purchase programme by the NBP, possible further activity of the NBP on the Forex market;
- maintained higher (than the NBP inflation target) level of CPI inflation;
- probable gradual revival of investment activity related, among other things, to the anticipated inflow of funds from the EU recovery plan and ecological investments;
- maintained low demand for loans accompanied by an increased volume of deposits (effects of anti-crisis actions);
- resolutions of the Court of Justice of the European Union (CJEU) and the Supreme Court with respect to mortgage loans in foreign currencies.

### 4. MATERIAL ACHIEVEMENTS AND KEY EVENTS

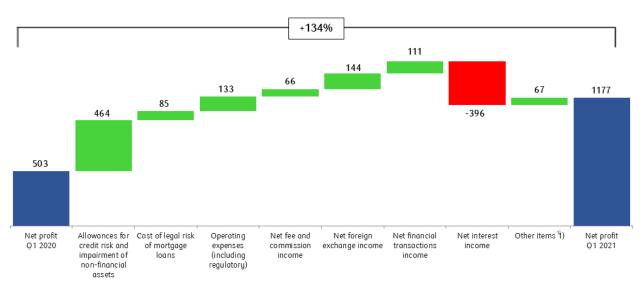

#### **SELECTED FINANCIAL DATA**

The consolidated net profit of the PKO Bank Polski S.A. Group made in the first quarter of 2021 amounted to PLN 1,177 million and was PLN 674 million higher than in the corresponding period of 2020.

The increase in net profit was determined by:

- 1) an improvement in net allowances and impairment of PLN 549 million;<sup>1</sup>
- 2) a drop in operating expenses of PLN 133 million, including a drop of PLN 78 million in regulatory charges;
- 3) similar level of the result on business activities in effect of:
- a drop in net interest income of PLN 396 million as a result of a reduction in market rates, which translated into a huge drop in interest income;
- an increase in net fee and commission income of PLN 66 million, among other things on loans, bank accounts and Forex margins;
- an increase in net other income<sup>2</sup> of PLN 327 million.

1) This item includes dividend income, other net operating income, tax on certain financial institutions, income tax, share in profits/(losses) of associated entities and joint ventures, and profits (losses) attributable to non-controlling shareholders

Events which had a significant impact on the net profit of the Bank's Group in the first quarter of 2021 compared with the first quarter of 2020:

### **RESULT ON BUSINESS ACTIVITIES**

- In effect of closing the foreign exchange position as a result of the decision of the EGM concerning offering settlements to Customers, the Bank's Group recognized net foreign exchange gains of approx. PLN 156 million;
- as a result of EGM's decision to offer settlements to Customers, the Bank's Group derecognized from hedge
  accounting the CIRS transactions which had previously financed the portfolio of foreign exchange residential
  mortgage loans; this led to the recognition of net foreign exchange income of approx. PLN 54 million (so-called
  swap points), which in previous periods had been recognized in net interest income and net foreign exchange

<sup>&</sup>lt;sup>1</sup> Net allowances for credit risk and impairment comprise: net allowances for expected credit losses, net impairment of non-financial assets, net qain/(loss) on loans measured at fair value through profit or loss and the costs of legal risk of mortgage loans in convertible currencies.

<sup>&</sup>lt;sup>2</sup> Including: an increase in net other operating income/(expenses) of PLN 72 million (including the costs of refunded commission on prepayment of loans lower by PLN 70 million), an increase in net gain/(loss) on financial transactions of PLN 111 million and in net foreign exchange gains/(losses) of PLN 144 million, at a stable dividend income.

income on the measurement of these transactions to fair value (previously through equity – other comprehensive income – cash flow hedges) of approx. PLN -44 milion;

#### ALLOWANCES FOR CREDIT RISK AND NON-FINANCIAL ASSETS

- improvement in net allowances for credit risk of PLN 363 million<sup>3</sup>, including of PLN 285 million as a result of adjustments to macroeconomic projections due to the non-materialization of the credit risk;
- recognition of an allowance for impairment in the value of Bank Pocztowy S.A. shares held of PLN -90 million in the 1st quarter of 2020, which improved y/y results;

#### **COSTS OF LEGAL RISK OF MORTGAGE LOANS**

• absence of the costs of legal risk of mortgage loans in convertible currencies (in the corresponding period of 2020 the recognized cost was PLN -85 million);

### **REGULATORY CHARGES**

 a drop of PLN 78 million as a result of lower contributions and payments to the Bank Guarantee Fund (including the contribution to the mandatory Resolution Fund which dropped by PLN 65 million, and to the Bank Guarantee Fund, which dropped by PLN 27 million), with an increase in fees to the Polish Financial Supervision Authority of PLN 13 million;

#### OTHER ITEMS

- improvement of PLN 76 million as a result of the remeasurement of investments, the change related mainly to the shares of VISA Inc.;
- an increase of PLN 53 million on the remeasurement of debt securities and derivative financial instruments from the banking book.

In effect of the actions taken in the first quarter of 2021 the scale of operations increased, both with respect to the corresponding period of the prior year and to the end of 2020:

- total assets exceeded PLN 384 billion, which is an increase of PLN 20 billion compared with the corresponding period of the prior year and an increase of PLN 7 billion compared with total assets as at the end of 2020;
- Customer deposits increased to PLN 288 billion, i.e. by PLN 22 billion compared with the end of March 2020 and by PLN 5 billion compared with the end of December 2020 – mainly as a result of an increase in retail deposits;
- amounts due to Customers was more than PLN 236 billion and did not change significantly compared with the
  end of 2020, but dropped by PLN 15 billion compared with the end of March 2020 mainly as a result of a drop
  in the amount of financing granted to companies in the form of business loans and as an effect of an
  adjustment of the carrying amount of residential loans made at the end of 2020 in connection with the decision
  of the EGM to offer settlements to Customers;
- the securities portfolio increased significantly, by PLN 45 billion compared with the end of March 2020 and by PLN 10 billion compared with the end of 2020.

The ratio of impaired loans<sup>4</sup> as at the end of the first quarter of 2021 in consolidated terms was 4.7% (an increase of 0.5 p.p. compared with the first quarter of 2020) – the deterioration is mainly the effect of applying a new definition of default (NDD) as of 1 January 2021 which had an impact on the increase in the impaired portfolio of approx. PLN 662 million (nearly 0.3% of the portfolio).

### As at 31 March 2021 the Bank's Group:

- retained a high share in the loans and deposits market at a level of 17.4% and 18.1% respectively;
- had a lead position on the investment fund market for individuals, with a share of 19.3%.

### **D**EVELOPMENT OF SERVICES, PRODUCTS AND TOOLS

The PKO Bank Polski S.A. Group was developing its services and products. It focused on remote channels.

 $<sup>^{\</sup>rm 3}$  Including loans measures at fair value through profit and loss account.

<sup>&</sup>lt;sup>4</sup> The share of impaired loans in the loan portfolio – calculated by dividing the gross carrying amount of loans and advances, in consideration of loans measured at fair value through profit and loss account and impaired corporate and communal bonds (unsecured with State Treasury quarantees) by the gross carrying amount of loans in the portfolio.

### PKO Bank Polski S.A.:

- among other things, implemented opening and servicing a tax investment account and a new form of immediate settlements Express Elixir in the iPKO biznes electronic banking service for Customers from the corporate segment and local government units, which allows Customers to pay their liabilities at any time of day;
- prepared new functionalities in the mobile IKO application, such as biometric confirmation of the authorization of mobile transactions and marking telephone contacts with a BLIK log in mobile transfers;
- jointly with ING Bank Śląski S.A., Santander Bank Polska S.A. and a wide range of partners it developed a Standard Shareholders Register Interface (SIRA); SIRA is used to standardize the technical conditions of operation of systems and allows shareholders to remotely manage shares in electronic registers;
- extended until 30 June 2021 the offer supporting borrowers with mortgage loans in CHF, in order to mitigate the negative effects of changes in the CHF exchange rates;
- as the first bank on the market, made available a remote form of applying for high value loans.

PKO Leasing S.A. launched an online digital platform – a new process of leasing assets available in the e-commerce stores. The Company signed an agreement for the integration of the process with IdoSell – a platform for running web stores. PKO Leasing Online constitutes financing for individuals running businesses.

PKO Bank Polski S.A. developed and launched further innovative solutions for internal processes and operations, such as a cloud solution for HR processes – a comprehensive SAP SuccessFactors system, which ensures the innovative servicing of employee processes. The launch covered 23 thousand staff and is the largest implementation of such a solution in Poland to date.

#### **ESG**

The Bank took the following actions:

- modernized central heating installations by replacing the furnaces with more energy-efficient models; it also changed the manner of heating, e.g. by connecting to city heating or gas grids;
- it continued to implement energy-efficient technology and equipment, including LED lamps to light premises and in alarm and evacuation lights (in 14 locations);
- it systematically implemented waste segregation in consecutive branches (in 20 locations);
- it opened further bike rooms in branches to promote more ecological forms of transport;
- it obtained the first energy effectiveness certificates (white certificates) and sold them on the Energy Exchange.

PKO Towarzystwo Funduszy Inwestycyjnych S.A. (PKO TFI S.A.) and the PKO Bank Polski Brokerage Office published on their websites a strategy on the integration of sustainability risks in their investment decision making process (https://www.pkotfi.pl/sfdr/, https://www.bm.pkobp.pl/media files/9636be2e-3d5f-4b30-b4b6-a9936c8ee499.pdf).

### RECORD SALES BY PKO TFI S.A.

As at the end of March 2021 the value of assets managed by PKO TFI S.A. was PLN 37.6 billion. Therefore, PKO TFI S.A.'s assets exceeded the previous historical record level.

During the first three months of 2021 Customers invested PLN 2.8 billion with PKO TFI S.A. Debt funds are the most popular, but an increase in interest in stock funds is noticeable.

PKO TFI S.A. also took over the management of Fundusz Własności Pracowniczej PKP. The value of the assets acquired in the business combination is nearly PLN 0.8 billion. Fundusz Własności Pracowniczej PKP Specjalistyczny Fundusz Inwestycyjny Otwarty (Polish Rail Employee Ownership Fund, specialist open end fund) is the first fund in Poland where the formula of an investment fund as a way to include employees in the privatization of a company was applied. PKP S.A. pays 15% of all funds from each sale of shares of companies set up by PKP S.A., sales of properties and respective rights, and other company assets to the fund.

### **EMPLOYEE CAPITAL PLANS**

The first quarter of 2021 is a period in which the last group of entities acceded to the Employee Capital Plans (PPK): public finance sector entities (JSFP) and companies employing 1-19 staff. PKO TFI S.A. acquired over 12.5 thousand ISFP (and an approx. 30% share in the area) and over a dozen thousand small firms.

The results achieved allow the company to maintain its leading position on the PPK market with assets exceeding PLN 1.3 billion and nearly 700 thousand registered participants, including 562 thousand participants with paid-in contributions.

Condensed interim consolidated financial statements of the PKO Bank Polski SA Group for the three-month period ended 31 March 2021

### GENERAL INFORMATION ABOUT THE GROUP

### 1. ACTIVITIES OF THE GROUP

Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna ("PKO BANK POLSKI S.A." or "THE BANK") was established by virtue of a decree signed on 7 February 1919 by the Head of State Józef Piłsudski, Prime Minister Ignacy Paderewski and Hubert Linde, post and telegraph minister and simultaneously the first president, as Pocztowa Kasa Oszczędnościowa. In 1950, the Bank began operating as Powszechna Kasa Oszczędności bank państwowy (state-owned bank). Pursuant to the Decree of the Council of Ministers dated 18 January 2000, Powszechna Kasa Oszczędności (a state-owned bank) was transformed into a state owned joint-stock company, Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna.

On 12 April 2000, Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna was registered and entered into the Commercial Register maintained by the District Court for the City of Warsaw, Commercial Court, 16th Registration Department. At present, the court with jurisdiction over the Bank's affairs is the District Court in Warsaw, the 13th Business Department of the National Court Register. The Bank was registered under the number KRS 0000026438 and was assigned the statistical number REGON 016298263 and tax identification number NIP 525-000-77-38.

- Grażyna Ciurzyńska Deputy Chair of the Supervisory Board
- Mariusz Andrzejewski Member of the Supervisory Board
- Grzegorz Chłopek Member of the Supervisory Board
- Wojciech Jasiński Member of the Supervisory Board
- Andrzej Kisielewicz Member of the Supervisory Board
- Rafał Kos Member of the Supervisory Board
- Krzysztof Michalski Member of the Supervisory Board
- Piotr Sadownik Member of the Supervisory Board

As at 31 March 2021, the Bank's Management Board consisted of:

- Zbigniew Jagiełło President of the Management Board
- Rafał Antczak Vice-President of the Management Board
- Rafał Kozłowski Vice-President of the Management Board
- Maks Kraczkowski Vice-President of the Management Board
- Mieczysław Król Vice-President of the Management Board
- Adam Marciniak Vice-President of the Management Board
- Piotr Mazur Vice-President of the Management Board
- Jakub Papierski Vice-President of the Management Board
- Jan Emeryk Rościszewski Vice-President of the Management Board.

On 11 May 2021, Mr Zbigniew Jagiełło submitted his resignation as President of the Management Board of the Bank and from the Management Board, effective at a future date, i.e. as of the end of the day on which the General Shareholders' Meeting of the Bank convened for 7 June 2021 closed.

The Supervisory Board members did not hold any shares of PKO Bank Polski SA as at 31 March 2021 and as at 31 December 2020.

#### 4. Approval of the condensed interim consolidated financial statements

These condensed interim consolidated financial statements of the Group (hereinafter **FINANCIAL STATEMENTS**), reviewed by the Audit Committee of the Supervisory Board and by the Supervisory Board on 27 May 2021, were accepted for publication by the Bank's Management Board on 27 May 2021.

### 5. THE BASIS FOR THE PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements cover the three-month period ended 31 March 2021 and contain comparative data for:

- the three-month period ended 31 March 2020 with regard to the consolidated income statement, consolidated statement of comprehensive income, statement of changes in consolidated equity, and consolidated statements of cash flows:
- and comparative data as at 31 December 2020 with regard to the consolidated statement of financial position.

The financial data is presented in Polish zloty (PLN) in millions, unless otherwise indicated. Therefore, discrepancies may occur due to the rounding of amounts to full millions.

The Group prepared the financial statements in accordance with the requirements of the International Accounting Standard No. 34 "Interim Financial Reporting" endorsed by the European Union, taking into account the principle of recognizing income tax expense in the interim financial statements based on the best possible estimate of the weighted average annual income tax rate expected by the Group in the whole financial year.

To prepare the financial statements, the Group applied the accounting policies and calculation methods consistent with those applicable in the financial year ended 31 December 2020, with the exception of changes described in the note "Changes in the accounting policies applicable from 1 January 2021 and explanation of the differences between previously published financial statements and these financial statements".

These financial statements for the three-month period ended 31 March 2021 do not comprise all the information and disclosures which may be required in annual financial statements and should be read jointly with the annual consolidated financial statements of the PKO Bank Polski S.A. Group for the year ended 31 December 2020 that were prepared in accordance with the International Financial Reporting Standards endorsed by the European Union.

### **GOING CONCERN**

The financial statements have been prepared on the basis of the assumption that the Group will continue as a going concern for a period of at least 12 months from the publication date, i.e. from 28 May 2021. As at the date of signing these financial statements, the Bank's Management Board is not aware of any facts or circumstances that would indicate a threat to the ability of the Bank's Group to continue in operation as a going concern for 12 months following the publication date as a result of any intended or compulsory discontinuation or significant limitation of the existing operations of the Bank's Group.

### **MANAGEMENT REPRESENTATION**

The Management Board hereby represents that, to the best of its knowledge, these financial statements of the Group and the comparative data have been prepared in accordance with the applicable rules of accounting practice and give a true, fair and clear view of the Group's financial position and results of operations.

### 6. New standards and interpretations and their amendments

STANDARDS AND INTERPRETATIONS AND THEIR AMENDMENTS EFFECTIVE FROM 2021

| STANDARDS AND INTERPRETATIONS*   | DESCRIPTION OF CHANGES AND IMPACT   |
|--|---|
| AMENDMENTS TO IFRS 9, IFRS 7, IAS 39 AND IFRS 16, IFRS 4 – IBOR REFORM – PHASE 2 (1.01.2021/14.01. 2021) | <ul> <li>Regulations issued under Phase 2 of the IBOR reform relate to the following:</li> <li>changes to contractual cash flows – adding to IFRS 9 a practical expedient which will enable accounting for modifications of contractual cash flows arising from the IBOR reform by updating the effective interest rate of the contract to reflect the transition to an alternative benchmark rate (there will be no obligation to derecognize or adjust carrying amounts of financial instruments); a similar practical expedient was introduced for lessee accounting applying IFRS 16 in the scope of leasing modification;</li> <li>hedge accounting - there will be no need to discontinue applying hedge accounting solely due to the changes required by the reform, provided that the hedge meets other hedge accounting criteria, and</li> <li>disclosures - companies will be obliged to disclose information on new</li> </ul> |
|  | risks arising from the reform and on it management of the transition to alternative benchmark rates.  The Group is in the process of assessing the impact of these amendments on the consolidated financial statements.   |
| AMENDMENTS TO IFRS 4 "INSURANCE CONTRACTS" (1.01.2021/16.12.2021)  | The amendments move the date of termination of the temporary relief from the application of IFRS 9 from 1 January 2021 to 1 January 2023 in order to align it with the effective date of IFRS 17. The amendments provide for optional solutions in order to mitigate the impact of different effective dates of IFRS 9 and IFRS 17.   |
|  | The amendments do not apply to the Group.   |

<sup>\*</sup> the effective date in EU / date of endorsement by EU is provided in parentheses

### NEW STANDARDS AND INTERPRETATIONS AND AMENDMENTS THERETO THAT HAVE BEEN PUBLISHED AND HAVE NOT YET BEEN ENDORSED BY THE EUROPEAN UNION

| STANDARDS AND INTERPRETATIONS *  | DESCRIPTION OF CHANGES AND IMPACT   |
|--|---|
| MSSF 17 Insurance Contracts (1.01.2023/no data) AND AMENDMENTS TO IFRS 17 (1.01.2023/ NO DATA) | IFRS 17 will replace IFRS 4 which enabled entities to recognize insurance contracts according to the accounting principles in force in the national standards, which, as a result, meant applying many different solutions. IFRS 17 introduces the requirements to recognize all insurance agreements in a consistent manner, including, among others, with regard to the measurement of insurance liabilities, recognition of the profit or loss over time, accounting for reinsurance, separation of an investment component. The application of the standard should follow the full retrospective approach with certain departures.  No material impact on the consolidated financial statements of the Group.                     |
| AMENDMENTS TO IAS 1 – CLASSIFICATION OF LIABILITIES (1.01.2023/ NO DATA)                       | The amendments relate to the presentation of liabilities in the statement of financial position. In particular, the amendment clarifies that classification of liabilities as current or non-current should be based on the contractual arrangements in place at the reporting date. A prospective approach will apply to these amendments.  The Group is in the process of estimating the impact on the consolidated financial statements.   |
| ANNUAL IMPROVEMENTS TO IFRS 2018-2021 (1.01.2022/NO DATA)                                      | <ul> <li>The amendment to IFRS 1 relates to situations when a subsidiary adopts IFRS for the first time at a later date than its parent; in such a case, the subsidiary may decide to measure cumulative translation differences for all foreign operations using the amounts reported by its parent in its consolidated financial statements, based on the parent's date of transition to IFRS.</li> <li>The amendment to IAS 41 aligns fair value measurement requirements set out in IAS 41 with the assumptions of IFRS 13.</li> <li>Not applicable to the Group.</li> <li>The amendment to IFRS 9 clarifies which fees should be included for approach of the '10 are cost' test in the case of decrease it is a fee.</li> </ul> |
|  | <ul> <li>purposes of the '10 per cent' test in the case of derecognition of financial liabilities.</li> <li>Amendments to illustrative examples in IFRS 16 relating to identification of lease incentives.</li> <li>The Group does not expect these amendments to have a material effect</li> </ul>   |
| AMENDMENT TO MSSF 3 "BUSINESS COMBINATIONS" (1.01.2022/NO DATA)                                | on the consolidated financial statements.  Amendments to IFRS 3 have updated references to the Conceptual Framework issued in 2018. In order to ensure that this will not impact assets and liabilities which qualify for the recognition on a business combination, the amendment introduces new exceptions from the recognition and measurement principles of IFRS 3.  The Group does not expect these amendments to have a material effect on the consolidated financial statements.   |
| AMENDMENT TO IAS 16 "PROPERTY, PLANT AND EQUIPMENT" (1.01.2022/NO DATA)                        | The amendment specifies that, among other things, proceeds from selling items produced while bringing an asset into the location and condition necessary for it to be capable of operating in the intended manner cannot be deducted from the cost associated with that asset. Instead, such proceeds should be recognized as cost of producing those items, in profit or loss.  The Group does not expect these amendments to have a material effect on the consolidated financial statements.   |

| AMENDMENT TO IAS 37 "PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS" (1.01.2022/NO | The amendments clarify that, when assessing whether or not a contract is onerous, the cost of fulfilling a contract comprises all costs that relate directly to the contract. |  |  |
|--|---|--|--|
| DATA)  | The Group does not expect these amendments to have a material effect on the consolidated financial statements.  |  |  |
| AMENDMENT TO IAS 1 AND IAS 8 (1.01.2023/NO DATA)   | Amendments to IAS 1 contain guidelines on the application of the term "material" in disclosures of the accounting policies.   |  |  |
|  | Amendments to IAS 8 explain how companies should distinguish changes in accounting policies from changes in accounting estimates.   |  |  |
|  | The Group does not expect these amendments to have a material effect on the consolidated financial statements.  |  |  |

<sup>\*</sup> The expected effective date in EU / date of endorsement by EU is provided in parentheses

## 7. Changes in the accounting policies applicable from 1 January 2021 and Explanation of the differences between previously published financial statements and these financial statements

In the three-month period ended 31 March 2021, the Group did not introduce any changes in its accounting policies.

The changes to previously published data for the period from 1 January to 31 March 2020 and as at 31 March 2020 presented below resulted from the changes introduced by the Group in 2020.

RECLASSIFICATION OF CHARGES COLLECTED FROM CUSTOMERS COMPENSATING NEGATIVE INTEREST ON FINANCIAL LIABILITIES
 (1)

Starting from the financial statements for 2020, the Group presents fees collected from the Bank's customers to compensate negative interest rates on the Bank's financial liabilities (customer current accounts) in interest income. Previously, such fees were presented in commission income.

Reclassification of allowances for card complaints (2)

The line "Settlements in respect of card transactions" (under "Other assets") had previously been included in full in other financial assets. Within this line, the Group decided to disclose separately amounts due in respect of card-related complaints which, according to the Group, should be classified as other non-financial assets. The decision affected the presentation of allowances for card complaints which were previously presented in "Allowances for expected credit losses", and due to the Group's decision, now are presented in "Impairment of non-financial assets".

• RECLASSIFICATION OF THE NET INCOME/(EXPENSE) ON INSURANCE ACTIVITIES, NET INCOME/(EXPENSE) ON OPERATING LEASES, SHORT-TERM RENTAL AND NET INCOME/(EXPENSES) ON THE PROVISION OF FLEET MANAGEMENT SERVICES (3)

In accordance with the Group's previously applied accounting policy, income and expenses not directly related to banking activities were presented in other operating income or expenses, as appropriate. The Group reviewed its policy and the market practice. The Group believes that income and costs indirectly related to the entity's operations should be presented, as a rule, in operating income and expenses. Both insurance activities and operating leases are classified as core operating activities of the Group and are an element of its strategy.

Consequently, the Group reclassified net income on insurance activities, which had previously been presented in "Other operating income", to "Fee and commission income", as a separate line "offering insurance products". Net income on insurance activities comprises premium income, costs of insurance activities, claims and change in technical reserves, and the impact of the reinsurer's share in the aforementioned items.

Moreover, the Group reclassified net income on operating leases, short-term rent and net income on fleet management services, which had previously been presented jointly in "Other operating income and "Other operating expenses", as appropriate, to "Fee and commission income", as a separate line of "operating leases and fleet management". Such income comprises mainly fees for using leased assets, income on short-term rentals and net income on fleet management services (including service, tyre replacement, provision of replacement vehicles). Income on operating leases and on fleet management was included in fee and commission income, together with the cost of depreciation of property, plant and equipment under operating leases, which had previously been presented in "Operating expenses".

### INCLUSION OF NET REGULATORY CHARGES IN ADMINISTRATIVE EXPENSES (4)

In order to make the presentation of administrative expenses more consistent with the market practice, the Group combined the line "Administrative expenses" with "Net regulatory charges".

| INCOME STATEMENT  | 01.01-<br>31.03.2020<br>before<br>restatement | (1) | (2)  | (3)   | (4)   | 01.01-<br>31.03.2020<br>restated |

| Net regulatory charges  | (451)   | -   | -    | -     | 451   | -                                |
| Net profit (including non-controlling shareholders)             | 499   | -   | -    | -     | -     | 499                              |
| Net profit attributable to equity holders of the parent company | 503   | -   | -    | -     | -     | 503                              |

### RECLASSIFICATION OF HOLIDAY PAY PROVISIONS FROM OTHER LIABILITIES TO PROVISIONS (1)

The Group reclassified holiday pay provisions from "Other liabilities" to "Provisions", because the Group believes that they are similar in nature to other provisions and are based on estimates, similarly to other employee provisions presented in provisions, i.e.: pension provisions and other post-employment defined benefit obligations.

### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 8. SEGMENT REPORTING

The PKO Bank Polski SA Group conducts business activities within the following segments: retail, corporate and investment segment, and the transfer centre and other activities. Information about the segments was provided in the consolidated financial statements of the Group for the year ended 2020.

| Investments in associates and joint ventures        | -                    | (90)                 |
| Other financial assets, including inventories       | (15)                 | (18)                 |
|   |                      |                      |
| Total   | (15)                 | (116)                |

## 16. COST OF THE LEGAL RISK OF MORTGAGE LOANS IN CONVERTIBLE CURRENCIES

|  | * * * * * | 01.01-<br>31.03.2020 |      |
|--|-----------|----------------------|------|
| Cost of the legal risk of mortgage loans in convertible currencies | -         |                      | (85) |

| IMPACT OF LEGAL RISK RELATING TO MORTGAGE LOANS IN CONVERTIBLE CURRENCIES                     | 31.03.2021 | 31.12.2020 |
|---|------------|------------|
| Loans and advances to customers – adjustment decreasing the carrying amount of loans, due to: | 6 370      | 6 617      |
| - potential future settlements and court cases  | 5 762      | 6 122      |
| - pending proceedings   | 608        | 495        |
| Reserves  | 470        | 426        |
| - potential future settlements and court cases  | 370        | 351        |
| - pending proceedings   | 100        | 75         |
| Total   | 6 840      | 7 043      |

As at 31 March 2021, the Group recognized in the financial statements the impact of the legal risk associated with the portfolio of mortgage loans in convertible currencies granted to households.

The change in the adjustment of the gross carrying amount of mortgage loans to reflect the expected impact of potential settlements and litigation from 31 December 2020 was mainly due to the decline in the CHF rate.

Additional information on the portfolio of mortgage loans in convertible currencies is presented by the Group in notes "Legal claims" and "Risk management of foreign currency risk associated with mortgage loans for individuals".

# 17. Administrative expenses

Tax systems of countries in which the Bank and entities in the PKO Bank Polski S.A. Group have their registered offices or branches are often subject to amendments to laws, i.a. as a result of operations aimed at tightening the tax system, both at national and international level.

In addition, understanding the regulations of the tax law, due to their ambiguity, may in practice lead to inconsistent individual interpretations of the tax authorities, differing from the interpretation by the taxpayer, and respective disputes may only be resolved by national or European courts. Therefore, interpretations of the tax law by the tax authorities differing from the practices implemented by the Bank or entities of the PKO Bank Polski S.A. Group cannot be eliminated and may have a significant unfavourable impact on their operations and financial condition, despite the various actions aimed at mitigating this risk, which are regularly undertaken and allowed by law.

Due to the doubts relating to taxation of foreign exchange differences on loans granted to the Bank and issue commitments in the territory of Sweden, PKO Finance AB, whose reporting currency is the EUR, applied to the Swedish Council for Tax Rulings (Skatterättsnämnden) for an individual ruling. PKO Finance AB lends funds to the Bank obtained from bonds issued and at the same time recognizes receivables from the loans and liabilities relating to the issue.

Changes in foreign exchange rates have a symmetrical impact on the valuation of such receivables and liabilities, because foreign exchange differences on the valuation of loans granted are matched with the opposite foreign exchange differences on the valuation of liabilities in respect of the bonds issued.

According to the interpretation obtained on 14 March 2019, a company for which EUR is the reporting currency should tax the EUR/SEK exchange differences on the loans granted as at the maturity date, and at the same time it is not possible to recognize at the maturity date a tax cost related to foreign exchange differences on the Company's liabilities in respect of the bond issue. If the Council's interpretation is upheld by the Swedish Supreme Administrative Court (Högsta förvaltningsdomstolen), it would mean that a different approach is applied in Sweden to companies reporting in EUR compared with companies reporting in SEK (which can also include foreign exchange differences on liabilities in their tax settlements), and this would increase the economic risk and hamper effective hedging of the currency risk. In the opinion of the Group, such an approach would be contrary to Art. 63 of the Treaty on the Functioning of the European Union (TFEU) related to the need to ensure free flow of capital in the EU or Art. 49 and 54 of TFEU related to the freedom of business activities. On 3 April 2019, the company appealed to the Swedish Supreme Administrative Court against the Council's interpretation and on 1 July submitted extended arguments to dismiss the case. In its opinion of 23 August 2019, the Swedish Tax Office (Skatteverket) took a negative stance on the company's appeal. The Company sustained its position in the response to the opinion submitted to the Swedish Supreme Administrative Court on 25 September 2019. In addition, on 10 October 2019, the Company submitted complementary documents to its appeal, in which it emphasized, among other things, the importance of the resolution for companies operating in the territory of Sweden and reporting in euro.

On 5 May 2020, the Swedish Supreme Administrative Court dismissed, for formal reasons, an appeal by PKO Finance AB, resulting in the interpretation of 14 March 2019 becoming expired. On 13 May 2020, PKO Finance AB received two decisions of the Swedish tax office which confirmed the correctness of the Company's tax settlements for 2015 and 2016. In these decisions, PKO Finance AB adopted a symmetrical settlement of foreign exchange differences on loans granted and due, and on liabilities in respect of eurobond issues. The decisions are favourable for the Group, but inconsistent with the line of interpretations previously issued by the tax office.

In accordance with IFRIC 23 "Uncertainty over Income Tax Treatments", the Group made a judgment regarding the uncertain treatment of taxable income earned in the territory of Sweden in respect of foreign exchange differences on loans and liabilities relating to the bond issue. The Group reflected the effect of uncertainty by using the "most probable amount" method.

As at 31 March 2021, the deferred income tax provision amounted to PLN 291 million (PLN 279 million as at 31 December 2020). The Group is analysing the impact of the decisions of the Swedish tax office on the taxation of foreign exchange differences of PKO Finance AB, which may lead to changing the related judgment in the next reporting periods..

### 19. AMOUNTS DUE FROM BANKS

| AMOUNTS DUE FROM BANKS                | 31.03.2021 | 31.12.2020 |
|---------------------------------------|------------|------------|
| Measured at amortized cost            | 2 664      | 2 557      |
| Deposits with banks                   | 1 726      | 1 311      |
| Current accounts                      | 795        | 887        |
| Loans and advances granted            | 141        | 358        |

| Gross amount                          | 2 664      | 2 557      |
| Allowances for expected credit losses | -          | -          |
| Net amount                            | 2 664      | 2 557      |

As at 31 March 2021 and 31 December 2020 all amounts due from banks were classified as Stage 1.

### 20. HEDGE ACCOUNTING

#### TYPES OF HEDGING STRATEGIES APPLIED BY THE GROUP

As at 31 March 2021 the Group had had active relationships as part of:

- 5 strategies for hedging cash flow volatility,
- 4 strategies for hedging fair value volatility.

In the first quarter of 2021, as part of the hedging strategy "Hedges against fluctuations in cash flows from floating interest rate loans in EUR, resulting from the risk of fluctuations in interest rates, using IRS transactions", the Group closed hedging relationships

- due to their failing to pass the prospective test of sufficient nominal amount. The effect of the discontinuation of hedge accounting as part of the said relationship on the profit or loss amounted to PLN 0.4 million;
- due to the discontinuation of hedge accounting. The effect of the discontinuation of hedge accounting as part of the said relationship on the profit or loss amounted to PLN 0.3 million.

No changes were made to other hedging strategies in the first quarter of 2021.

In 2020, the Group introduced two new hedging strategies for fair value hedges and cash flow hedges.

#### 28. DIVIDEND AND PROFIT APPROPRIATION

PKO Bank Polski S.A. on 14 January 2021 received an individual recommendation of the Polish Financial Supervision Authority, in which the Polish Financial Supervision Authority recommended the Bank:

- suspension of dividend payments in the first half of 2021 (including retained earnings from previous years),
- not to undertake in the first half of 2021, without prior consultation with the supervisory authority, other
  activities outside the scope of current business and operating activities that may result in a reduction in the
  capital base, including buyouts of treasury shares.

<sup>&</sup>lt;sup>2</sup> Including Bank Gospodarstwa Krajowego which, as at 31.03.2021, held 24 487 297 shares, constituting a 1.96% share of the votes at the General Shareholders' Meeting.

The Management Board of the Bank and the Supervisory Board of the Bank adopted resolutions that, within the limits of their competences, they will supervise the implementation of the above recommendation of the PFSA. Pursuant to Art. 395.2.2 of the Commercial Companies Code, the decision on the distribution of profit remains within the competence of the Bank's Ordinary General Meeting.

| Total                                       | 241        | 103        |

#### 30. LEGAL CLAIMS

As at 31 March 2021, the total value of the subject matter of litigation in court proceedings (trials) pending in which the companies belonging to the PKO Bank Polski SA Group were defendants amounted to PLN 2 446 million (as at 31 December 2020: PLN 2 064 million), and the total value of the subject matter of the litigation in court proceedings (trials) pending in which the companies belonging to the PKO Bank Polski SA Group were claimants as at 31 March 2021 was PLN 2 320 million (as at 31 December 2020: PLN 2 607 million).

#### LITIGATION AGAINST THE BANK RELATING TO MORTGAGE LOANS IN CONVERTIBLE CURRENCIES

As at 31 March 2021, 6 949 court proceedings (as at 31 December 2020: 5 372) were pending against the Bank relating to mortgage loans granted in previous years in foreign currency with a total value in dispute of PLN 1 872 million (as at 31 December 2020: PLN 1 404 million), including one group proceeding with 72 loan agreements. The Bank's customers' claims concerned mainly demands to determine the invalidity of all or part of the agreements or to receive refunds of allegedly undue benefits in connection with the abusive nature of the foreign currency clauses. None of the clauses used by the Bank in the agreements was entered in the register of prohibited contractual provisions. The number of legal claims submitted by customers against the Bank was significantly affected by an intense advertising campaign of law firms which encouraged borrowers to engage them, for a fee, to bring cases to court against the Bank.

The Group is continuously monitoring the judgments issued in cases involving loans indexed to or denominated in a foreign currency from the perspective of development and any potential changes in the line of jurisprudence.

By 31 March 2021, courts issued 85 valid judgments in cases against the Bank (including 43 judgments after 3 October 2019). 52 of these judgments (including 14 judgments issued after 3 October 2019) are favourable for the Bank. The Bank is filing cassation complaints to the Supreme Court concerning judgments which are unfavourable to the Bank.

On 29 January 2021, in connection with the discrepancies in the interpretation of legal provisions in the jurisprudence of the Supreme Court and common courts and in order to ensure the uniformity of jurisprudence, the First President of the Supreme Court submitted a request for the full panel of the Civil Chamber of the Supreme Court to resolve the following legal issues concerning the subject of loans denominated and indexed in foreign currencies (legal basis: Article 83 § 1 of the Act of 8 December 2017 on the Supreme Court):

1. If a provision of an indexed or denominated loan agreement relating to the method of determining the foreign currency exchange rate is found to constitute an illicit contractual provision and is not binding on the consumer – is it then possible to assume that another method of determining the foreign currency exchange rate resulting from law or custom takes its place?

If the above question is answered in the negative:

- 2. If it is impossible to determine an exchange rate of a foreign currency binding for both parties of an agreement for a loan indexed to such a foreign currency, can the agreement remain binding with regard to other contractual provisions?
- 3. If it is impossible to determine an exchange rate of a foreign currency binding for both parties of an agreement for a loan denominated in such a foreign currency, can the agreement remain binding with regard to other contractual provisions?

Irrespective of the answers to questions 1-3:

- 4. Where a loan agreement is invalid or ineffective, but the bank, in the performance of the loan agreement, has disbursed to the borrower all or part of the amount of the credit and the borrower has made repayments on the credit, do separate claims for wrongful performance arise in favour of each of the parties, or does a single claim, equal to the difference in performance, arise in favour of the party whose total performance was higher?
- 5. If the loan agreement is invalid or ineffective as a result of the unlawful nature of some of its provisions, does the limitation period for the bank's claim for repayment of the sums paid under the loan begin to run from the time at which those sums were paid?
- 6. If, in the event that a loan agreement is invalid or ineffective, any of the parties is entitled to claim the repayment of the performance fulfilled in execution of such an agreement, can that party also claim consideration for the use of its money by the other party?

The session of the full panel of the Civil Chamber to consider the above-mentioned motion took place on 11 May 2021. Before issuing its resolution, the Supreme Court decided to consult five public institutions.

 ACTIVITIES OF THE GROUP UNDERTAKEN IN CONNECTION WITH A PROPOSAL OF THE CHAIR OF THE POLISH FINANCIAL SUPERVISION AUTHORITY AND THE EXPECTED SESSION OF THE SUPREME COURT REGARDING LOANS GRANTED IN FOREIGN CURRENCIES

In December 2020, the Chair of the Polish Financial Supervision Authority (the "Chair of the PFSA") presented a proposal aimed at resolving the problem of housing loans in CHF at a systemic level. The proposed solution provides that banks would voluntarily offer their customers the possibility of entering into a settlement whereby the customers' loans would be treated as if they had been granted in PLN and had borne an interest rate equal to the reference WIBOR rate plus a margin historically applied to such loans.

The Group analysed the benefits and risks associated with the possible variants of dealing with the foreign currency housing loans. In the Group's opinion, for both the Group and its customers reaching a compromise and concluding a settlement is more favourable than engaging in lengthy court cases with an uncertain outcome.

The Group conducted a survey among its customers which showed that approximately 70% of the customers are interested in reaching a settlement with the Bank. Currently, the Group is implementing a pilot programme of settlements as part of which the Group participates in mediation in the arbitration court of the PFSA and reaches settlements before common courts.

On 23 April 2021, the Extraordinary Shareholders' Meeting approved the possibility of offering settlements to the customer.

#### PROCEEDINGS CONDUCTED BEFORE THE PRESIDENT OF THE OFFICE OF COMPETITION AND CONSUMER PROTECTION (UOKIK)

Two proceedings brought before the President of UOKiK ex officio are currently in progress:

- Proceedings initiated on 26 July 2017 ex officio concerning using practices which violate the collective interests of customers. The violation with which the Bank has been charged consists of collecting higher instalments on loans and advances denominated in foreign currencies to customers than those following from the advice about currency risk provided to customers before they had concluded the contracts, and transferring possible currency risk to the customers. The Bank presented its position on the claims in its letter dated 23 September 2017. In a letter dated 14 March 2019, the UOKiK President asked the Bank 16 detailed questions in order to establish the circumstances that are necessary to resolve the case. The Bank gave the answers in a letter dated 10 May 2019. As at 31 December 2020, the President of UOKiK did not undertake any further steps in this matter. As at 31 March 2021, the Bank did not set up a provision for the proceedings.
- Proceedings opened ex officio on 12 March 2019 on the acknowledgement that the provisions of the model
  contract are inadmissible. The proceedings are related to modification clauses which specify the circumstances
  in which the Bank is entitled to amend the terms and conditions of the agreement, including the amount of fees

and commission. In the opinion of the President of UOKiK the modification clauses applied by the Bank give the Bank unilateral unlimited and arbitrary possibilities of modifying the execution of the agreement. Consequently, the President of UOKiK is of the opinion that the clauses applied by the Bank shape the rights and obligations of the consumers in a way that is contrary to good practice and are a gross violation of their interests, which justifies the conclusion that they are abusive. In its letter of 31 May 2019, the Bank presented its position on the charges made by the President of UOKiK. In a letter dated 30 March 2021, the President of UOKiK extended the term for concluding the proceedings until 30 June 2021. As at 31 March 2021, the Bank did not set up a provision against the proceedings.

#### PROCEEDINGS BEFORE THE COURT OF COMPETITION AND CONSUMER PROTECTION CONCERNING THE SPREAD PROVISIONS

The proceedings were initiated by the Bank's appeal (submitted on 13 November 2020) against the decision of the President of UOKiK dated 16 October 2020. In the said decision, the President of UOKiK declared the provisions of the template agreement "Annex to the housing loan/mortgage loan agreement" in the section "Appendix to the annex 'Rules for determining foreign exchange spreads at PKO BP SA'" as inadmissible provisions and prohibited their use. In addition, the President of UOKiK ordered that all consumers being parties to the assessed annexes be informed about the decision to declare them inadmissible and about the consequences resulting therefrom, not later than within three months from the date the decision became legally binding and ordered that a declaration, with the contents as indicated in the decision, be submitted not later than 1 month from the date the decision became legally binding, which is to be kept on the website for 4 months. Furthermore, the President of UOKiK imposed on the Bank a fine of PLN 41 million, payable to the Financial Education Fund.

In its appeal against that decision, the Bank requested that the decision be amended by finding that there had been no breach of the prohibition on the use of prohibited contractual clauses, or by discontinuing the proceedings. It was also requested that the decision be annulled or amended by waiving or substantially reducing the fine. The appeal raised a number of substantive and procedural grounds of appeal. The Bank's main arguments consists of pointing out that the decision of the President of UOKiK is a manifestation of unlawful and groundless interference with the Bank's pricing policy, pointing out that there are no substantive grounds for the intervention of the President of UOKiK, i.e. there are no grounds for concluding that the Bank applied prohibited contractual provisions, and pointing out that the fine imposed on the Bank is abnormally high. We are currently awaiting the response of the President of the UOKiK to the appeal and the setting of a date for the hearing.

#### PROCEEDINGS RELATING TO RESTRICTIVE PRACTICES ON THE MARKET OF PAYMENTS WITH PAYMENT CARDS IN POLAND

The Bank is a party to proceedings initiated by the President of UOKiK on the basis of a decision dated 23 April 2001 upon the request of the Polish Trade and Distribution Organization – Employers Association (Polska Organizacja Handlu i Dystrybucji – Związek Pracodawców – POHiD) against operators of the Visa and Europay payment systems and banks issuing Visa and Europay/ Eurocard/ Mastercard banking cards.

The claims under these proceedings relate to the use of practices limiting competition on the market of banking card payments in Poland, consisting of applying pre-agreed "interchange" fees for transactions made using Visa and Europay/Eurocard/Mastercard cards as well as limiting access to this market for external entities. On 29 December 2006, UOKiK decided that the practices, consisting of joint determination of the "interchange" fee, did limit market competition and ordered that any such practices should be discontinued, and imposed a fine on, among others, the Bank, in the amount of PLN 16.6 million. The Bank appealed against the decision of the President of UOKiK to the Court for Competition and Consumer Protection (Sad Ochrony Konkurencji i Konsumentów - SOKiK). By the ruling dated 21 November 2013 SOKiK reduced the fine imposed on the Bank to PLN 10.4 million. The parties to the proceedings appealed against the ruling. The Court of Appeal in Warsaw in its ruling dated 6 October 2015 reinstated the initial amount of the imposed fines set in the decision of the UOKiK, i.e. the fine of PLN 16.6 million (the fine imposed on PKO Bank Polski S.A.) and the fine of PLN 4.8 million (the fine imposed on Nordea Bank Polska SA. PKO Bank Polski S.A. is a legal successor of Nordea Bank Polska SA through a merger in accordance with Article 492 § 1(1) of the Commercial Companies Code). The fine was paid by the Bank in October 2015. As a result of the cassation complaint made by the Bank, in its ruling dated 25 October 2017, the Supreme Court revoked the appealed ruling of the Court of Appeal in Warsaw and submitted the case for re-examination. The fine paid by the Bank was reimbursed to the Bank on 21 March 2018. On 23 November 2020, the Court of Appeal in Warsaw issued a ruling in which it revoked the ruling of the District Court in Warsaw dated 21 November 2013 and submitted it for reexamination. As at 31 March 2021 the Bank recognized a provision for this litigation of PLN 21 million (PLN 21 million as at 31 December 2020).

## CLAIMS FOR DAMAGES IN RESPECT OF THE INTERCHANGE FEE

The Bank was served seven summons to participate, as an outside intervener on the defendant's side in cases relating to the interchange fees. Other banks are respondents in the case. The claims vis-à-vis the sued banks amount to a total of PLN 798 million and are pursued as damages for differences in interchange fees resulting from

applying practices that limit competition. Since these proceedings are not pending against the Bank, their value was not included in the total value of the cases against the Bank.

If the courts find the claims justified, the defendants may claim recourse in separate court proceedings from other banks, including, among others, from PKO Bank Polski SA. As at 31 March 2021, the Bank entered seven proceedings as an outside intervener.

### Re-privatizations claims relating to properties held by the Group

As at the date of the consolidated financial statements, there are:

- three proceedings involving reprivatization claims. One of the proceedings has been suspended. In the second proceeding ended with a final court ruling favourable to the Bank, the opposing party lodged a cassation complaint, and the Supreme Court revoked the appealed judgment of the District Court and submitted the case for re-examination. In the third proceeding the subject matter of which is to confirm the invalidity of the decision refusing to grant temporary ownership of the Bank's property to the applicant, the cassation complaint has been lodged with the Voivodeship Administrative Court against the final decision discontinuing the proceedings as groundless. The claim was rejected by the Voivodeship Administrative Court but the opponent appealed against this decision;
- seven proceedings, including one suspended in respect of real properties of other members of the Bank's Group, related to declaring the invalidity of administrative decisions or refund of the property.

The Management Board of PKO Bank Polski SA is of the opinion that it is unlikely that serious claims may be brought against the Bank in these matters.

#### 31. Transactions with the State Treasury and related parties

#### TRANSACTIONS WITH THE STATE TREASURY

The State Treasury holds a 29.43% interest in the Bank's share capital.

Pursuant to the Act of 30 November 1995 on the state support in repayment of certain housing loans, reimbursement of guarantee bonuses paid, and amendments to certain Acts, PKO Bank Polski S.A. receives payments from the State budget as repurchase of interest receivable on housing loans.

| TRANSACTIONS WITH THE STATE TREASURY   | 01.01 - 31.03.2021 | 01.01 - 31.03.2020 |
|--|--------------------|--------------------|
| Income recognized on an accruals basis   | 64                 | 76                 |
| Income recognized on a cash basis  | -                  | 10                 |
| Income from temporary redemption by the State Treasury of interest on housing loans in the "old portfolio" | 64                 | 66                 |

As of 1 January 2018 based on the provisions of the Act of 30 November 1995 on state support in the repayment of certain housing loans, granting guarantee bonuses and reimbursement of guarantee bonuses paid, the borrowers acquired the right to be forgiven the remaining debt by the State Treasury, which will result in the gradual (until 2026) full settlement of the housing loan indebtedness from the so-called "old" portfolio. The Bank conducts settlements in respect of repurchase of interest on housing loans by the State budget and in the three-month period ended 31 March 2021 and the corresponding period of 2020 received a commission below PLN 1 million in this respect.

As of 1 January 1996, the Bank became the general distributor of value marks. The Bank received in the three-month period ended 31 March 2021 and the corresponding period of 2020 a commission below PLN 1 million in this respect.

Biuro Maklerskie PKO BP plays the role of an agent for the issue of retail Treasury bonds under the agreement signed with the Ministry of Finance on 11 February 2003. Under this agreement, Biuro Maklerskie PKO BP receives a fee for providing the services of an agent for the issue of bonds - in the three-month period ended 31 March 2021 in the amount of PLN 49 milion, and in the three-month period ended 31 March 2020 in the amount of PLN 58 milion.

#### Related-party transactions – capital links

Transactions of the Bank as the parent company with associates and joint ventures are presented in the table below. All transactions with joint ventures and associates presented below were arm's length transactions.

### 34. OTHER INFORMATION

### SEASONALITY OR CYCLICALITY OF ACTIVITIES DURING THE REPORTING PERIOD

The Bank's and the other PKO Bank Polski SA Group companies' activities do not show material cyclical or seasonal changes.

# THE POSITION OF THE MANAGEMENT BOARD OF PKO BANK POLSKI SA CONCERNING THE ACHIEVEMENT OF THE PREVIOUSLY PUBLISHED FORECASTS CONCERNING THE RESULTS FOR THE YEAR

PKO Bank Polski S.A. did not publish forecasts of financial results for 2021.

In the current report no. 15/2021 of 5 May 2021 there was an information on hedging of the currency position related to the Bank's intention to conclude settlements with consumers who entered into mortgage loan agreements in foreign currencies, including an information on the positive result on foreign exchange to be recognized in 2021.

# SIGNIFICANT AGREEMENTS AND MATERIAL AGREEMENTS WITH THE CENTRAL BANK OR SUPERVISORY AUTHORITIES

PKO Bank Polski S.A. is obliged to inform in the current reports about all agreements meeting the conditions of the definition of a confidential information provided in the Regulation (EU) No 596/2014 of the European Parliament and of the Council on market abuse. In the three-month period ended 31 March 2021, the Bank did not conclude, and therefore did not publish, any information on agreements fulfilling the conditions of a confidential information.

The subsidiaries of the PKO Bank Polski S.A. in the three-month period ended 31 March 2021 did not conclude any significant agreements or material agreements with the central bank or supervisory authorities.

# INFORMATION ON MATERIAL PROCEEDINGS PENDING AT COURT, A COMPETENT ARBITRATION INSTITUTION OR A PUBLIC ADMINISTRATION AUTHORITY

The Bank considered significant (taking into account the value and growth in the number of proceedings) court proceedings concerning mortgage loans in convertible currencies. As at 31 March 2021, 6 949 court proceedings (as at 31 December 2020: 5 372) were pending against the Bank relating to mortgage loans granted in previous years in foreign currency with a total value in dispute of PLN 1 872 million (as at 31 December 2020: PLN 1 404 million), including one group proceeding. The Bank's customers' claims concerned mainly demands to determine the invalidity of all or part of the agreements or to receive refunds of allegedly undue benefits in connection with the abusive nature of the foreign currency clauses. None of the clauses used by the Bank in the agreements was entered in the register of prohibited contractual provisions.

The most essential legal claims, including those related to mortgage loans in convertible currencies, are described in the note "Legal claims".

# LOANS AND ADVANCES TAKEN OUT AND LOAN GUARANTEE AND PLEDGE AGREEMENTS UNRELATED TO THE GROUP'S OPERATIONS

In the three-month period ended 31 March 2021, neither PKO Bank Polski SA nor its subsidiaries drew any loans or advances or received any quarantees or pledges which were not related to operating activities.

INFORMATION ON NON-PAYMENT OF A LOAN OR ADVANCE OR BREACHING MATERIAL PROVISIONS OF A LOAN OR ADVANCE AGREEMENT WITH RESPECT OF WHICH NO REMEDIAL ACTION WAS PERFORMED UNTIL THE END OF THE REPORTING PERIOD

The Group has not identified any unpaid loans or advances and any breach of material provisions of a loan or advance agreement where the Group acts as a borrower with regard to which no remedial action was taken until 31 March 2021.

# INFORMATION ABOUT CONCLUDING TRANSACTIONS WITH RELATED ENTITIES BY THE ISSUER OR ITS SUBSIDIARY, IF THEY WERE CONCLUDED ON TERMS DIFFERENT THAN MARKET CONDITIONS

In the period from January to March 2021, neither PKO Bank Polski S.A. nor the subsidiaries of PKO Bank Polski S.A. concluded any material transactions with related parties on terms other than arm's length.

INFORMATION ON SIGNIFICANT AGREEMENTS ON LOAN OR ADVANCE PLEDGES OR GUARANTEES GRANTING BY THE ISSUER OR ITS SUBSIDIARY

In the three-month period ended 31 March 2021, the Bank and the subsidiaries of PKO Bank Polski SA did not conclude any significant agreements relating to guaranteeing the repayment of loans or advances and warranting the repayment of loans or advances to non-Group entities.

# OTHER INFORMATION THAT IS MATERIAL TO THE ASSESSMENT OF THE HUMAN RESOURCES, ASSET AND FINANCIAL POSITION AND RESULTS OF THE ISSUER, AND RESPECTIVE CHANGES

In the three-month period ended 31 March 2021, no other material events which are relevant to the assessment of the human resources, assets, financial position and results of operations of PKO Bank Polski SA occurred in PKO Bank Polski SA or its domestic subsidiaries.

#### 35. RISK MANAGEMENT WITHIN THE GROUP

Risk management is one of the most important internal processes in both the Bank and in other entities of the Group. Risk management is aimed at ensuring the profitability of the business activities (in the evolving environment) while monitoring the risk level, keeping the risks within the risk tolerances and limits adopted by the Bank and the Group, in a changing macroeconomic environment. The level of risk is an important part of the planning processes.

The Group identifies risks which are to be managed in its activities and analyses the impact of particular types of risk on its business operations. All the risks are managed; some of them have a material effect on the profitability and capital needed to cover them. The following risks are considered material for the Group: credit risk, risk of foreign currency mortgage loans for households, foreign exchange risk, interest rate risk, liquidity risk (including financing risk), operating risk, business risk, risk of macroeconomic changes and model risk. The Group assesses the materiality of all the identified risks on a regular basis, at least annually.

In the consolidated financial statements of the Group for 2020 and in the Report on Capital Adequacy and other information subject to publication on the Group as at 31 December 2020, the following elements of the risk management system were described in detail: risk definition, objectives of managing the specific risk, identification of the risk, measurement and evaluation, control, forecasting and monitoring, reporting and management activities to identify material types of risk.

In the three-month period ended 31 March 2021, the Group's main objectives, principles and organization of the risk management process have not changed compared with the principles described in the consolidated financial statements of Group for 2020, with the exception of the impact of the activities described below.

# 36. CREDIT RISK MANAGEMENT

## • IMPACT OF COVID -19 ON THE QUALITY OF LOAN PORTFOLIO

Exposures covered by statutory and non-statutory moratoria are presented in the tables below:

a) gross carrying amount of active and expired exposures

|   | 31.03.2021 |                        |           |                      |                |                              |                           |                            |          |  |  |

The Group estimated the impact of the COVID-19 pandemic on the deterioration in the quality of its loan portfolio and other financial assets in the three-month period ended 31 March 2021 at PLN 167 million (PLN 219 million in the three-month period ended 31 March 2020), of which the impact on net expected credit losses was PLN 169 million (comparative period: PLN 197 million), and impact on gains/(losses) on financial transactions at a gain of PLN 2 million (comparative period: PLN 22 million).

When recognizing the impact of COVID-19 on the loan portfolio, the Group took into account three scenarios of the development of the main macroeconomic parameters. The impact of the pandemic is estimated on the basis of the dependencies between the expected loss and the change in macroeconomic parameters in each of the three scenarios developed based on the Group's internal forecasts. The scope of the ratios covered by the forecasts includes, among other things, GDP growth rates and employment rates, since these parameters have the most significant impact on the level of identified changes in the measurement of the Group's assets. In order to adequately take into account, in the risk parameter models, the high quarterly volatility of macroeconomic indicators (in particular the default probability (PD) parameter), the average values of these indicators over a two-year period were adopted. An additional allowance relating to COVID-19 is due to the significant deterioration in macroeconomic forecasts in all three of the adopted scenarios and the recognition of a material increase in credit risk for exposures covered by moratoria with the highest PD values. An increase in the PD parameter translates into an increase in the expected loss on individual loans, resulting in increased migration to Stage 2 for a part of them.

The tables below present the forecasts of the main macroeconomic indicators adopted in the calculation of expected credit losses, taking into account the development of these parameters since the outbreak of the pandemic, together with the assumed probabilities of their implementation.

| scenario as at 31.03.2021           | baseline                      | optimistic                    | pessimistic                   |

### 37. MANAGEMENT OF CURRENCY RISK ASSOCIATED WITH MORTGAGE LOANS FOR INDIVIDUALS

The Group analyses its portfolio of foreign currency mortgage loans to individuals in a specific manner. The Group monitors the quality of the portfolio on an on-going basis and reviews the risk of deterioration in the quality of the portfolio. Currently, the quality of the portfolio is at an acceptable level. The Group takes into consideration the risk of foreign currency mortgage loans for individuals in the capital adequacy and equity management.

### 38. Interest rate risk management

### • SENSITIVITY OF INTEREST INCOME

The sensitivity of interest income to sudden shifts in the yield curve is determined by the potential financial effect of such a shift reflected in a changed amount of interest income in a given time horizon. The change results from the mismatch between the revaluation dates of assets, liabilities and off-balance sheet liabilities granted and received (in particular derivative instruments) sensitive to interest rate fluctuations.

The sensitivity of interest income in the banking book of the Group to the abrupt shift in the yield curve of 100 bp down in a one-year horizon in all currencies is shown in the table below:

| NAME OF THE MEASURE                          | 31.03.2021 | 31.12.2020 |
|--|------------|------------|
| Sensitivity of interest income (PLN million) | (516)      | (527)      |

#### SENSITIVITY OF ECONOMIC VALUE

Sensitivity of economic value reflects the fair value changes of items in the portfolio arising from the parallel shift of the yield curves by 100 bp up or down (more unfavourable of the scenarios mentioned).

The table below presents the economic value sensitivity measure (stress-test) of the banking book of the Group in all currencies as at 31 March 2021 and 31 December 2020:

| NAME OF THE MEASURE                         | 31.03.2021 | 31.12.2020 |
|---|------------|------------|
| Sensitivity of economic value (PLN million) | (1 648)    | (443)      |

#### **TRADING BOOK**

#### VALUE AT RISK

The IR VaR measure is a potential amount of loss that may be incurred in normal market conditions in a specific time (i.e. horizon) and with an assumed level of probability related to changes in the interest rate curves. The IR VaR in the Bank's trading book is shown in the table below::

| NAME OF THE MEASURE  | 31.03.2021 | 31.12.2020 |
|--|------------|------------|
| IR VaR for a 10-day time horizon at the confidence level of 99% (PLN million): |            |            |
| Average value  | 13         | 11         |
| Maximum value  | 28         | 20         |
| Value at the end of the period   | 13         | 13         |

### 39. CURRENCY RISK MANAGEMENT

### SENSITIVITY MEASURES

The FX VaR measure is a potential value of loss that may occur in normal market conditions at a specific time (i.e. horizon) and with an assumed level of probability related to changes in foreign exchange rates.

Stress tests are used to estimate loss in an event of abrupt changes on the currency market which are not described using statistical measures by default.

The Bank's FX VaR, in aggregate for all currencies, is presented in the table below:

| NAME OF THE SENSITIVITY MEASURE  | 31.03.2021 | 31.12.2020 |
|--|------------|------------|
| VaR for a 10-day time horizon at a confidence level of 99% (in PLN million) <sup>1</sup> | 453        | 615        |

<sup>&</sup>lt;sup>1</sup> Taking into account the nature of the operation of the other Group companies which generate material currency risk and the specific characteristics of the market in which they operate, the parent company does not determine the consolidated VaR sensitivity measure. Such companies use their own risk measures to manage their interest rate risk. KREDOBANK S.A. applies the 10-day VaR which amounted to approx. PLN 0.1 million as at 31 March 2021, and to PLN 0.1 million as at 31 December 2020.

### FOREIGN CURRENCY POSITION

The Group's foreign currency positions are presented in the table below:

| FOREIGN CURRENCY POSITION | 31.03.2021 | 31.12.2020 |
|---------------------------|------------|------------|
| EUR                       | (162)      | (326)      |
| CHF                       | (11 182)   | (14 361)   |
| Other (Global, Net)       | 5          | (50)       |

Currency positions (in addition to the volatility of foreign exchange rates) are a key factor determining the level of currency risk to which the Group is exposed. The foreign currency position is determined by all foreign currency transactions concluded, both in the statement of financial position and off-balance sheet transactions.

In 2020, the Group recognized a material foreign exchange position in CHF of approximately PLN 14.2 billion, in connection with the Bank's intention, as confirmed by a resolution of the Extraordinary Shareholders' Meeting of 23 April 2021, to settle with consumers who had concluded mortgage loan agreements in foreign currencies with the Bank.

By the end of April 2021, the Group fully hedged this foreign exchange position by concluding and subsequently closing option transactions which gave the Bank the right to purchase foreign currencies, and by concluding and settling a series of foreign currency exchange transactions under which the Group purchased foreign currencies for PLN. After hedging this foreign exchange position, the capital requirement for market risk significantly decreased.

### 40. LIQUIDITY RISK MANAGEMENT

### LIQUIDITY GAP

|                                  | on<br>demand | 0 - 1<br>month | 1 - 3<br>months | 3 - 6<br>months | 6 - 12<br>months | 12 - 24<br>months | 24 - 60<br>months | over 60 months |

| Adjusted periodic gap            | 2 555        | 85 356         | (1 223)         | (8 406)         | (2 875)          | 10 070            | 18 420            | (103 897)      |
| Adjusted cumulative periodic gap | 2 555        | 87 911         | 86 688          | 78 282          | 75 407           | 85 477            | 103 897           |                |
| 31.12.2020                       |              |                |                 |                 |                  |                   |                   |                |
| Adjusted periodic gap            | 6 920        | 70 393         | (5 774)         | (4 210)         | (3 114)          | 3 468             | 18 210            | (85 893)       |
| Adjusted cumulative periodic gap | 6 920        | 77 313         | 71 539          | 67 329          | 64 215           | 67 683            | 85 893            | -              |

<sup>&</sup>lt;sup>1</sup> brought to comparability with the data as at 31 December 2020

In all time horizons, the adjusted cumulative liquidity gap of the Group, determined as the sum of the adjusted liquidity gaps of the Bank, PKO Bank Hipoteczny S.A., PKO Leasing S.A., KREDOBANK and PKO Życie Towarzystwo Ubezpieczeń S.A. and the contractual liquidity gaps of the other Group companies with respect to items of the statement of financial position, was positive both as at 31 March 2021 and 31 December 2020. This means a surplus of the assets receivable over the liabilities payable.

### SUPERVISORY LIQUIDITY MEASURES

| SUPERVISORY LIQUIDITY MEASURES   | 31.03.2021 | 31.12.2020 |
|--|------------|------------|
| M3 - coverage ratio of non-liquid assets to own funds  | 13,12      | 12,59      |
| $\mbox{M4}$ - coverage ratio of non-liquid assets and liquidity-restricted assets with own funds and stable external funds | 1,46       | 1,43       |
| NSFR - net stable funding ratio  | 137,3%     | 134,7%     |
| LCR - liquidity coverage ratio   | 241,3%     | 227,6%     |

In the period ended 31 March 2021 and 31 December 2020 liquidity measures remained above their respective supervisory limits. The LCR and NSFR ratios in the table refer to the Group, while the M3-M4 indicators refer to the Bank.

### 41. CAPITAL ADEQUACY

# CAPITAL ADEQUACY

| Minimum level of capital ratios maintained by the Group in accordance with Art. 92 of the CRR Regulation |      |  |  |
|--|------|--|--|
| • total capital ratio (TCR);   | 8,0% |  |  |
| Tier 1 capital ratio (T1);   | 6,0% |  |  |
| Tier 1 core capital ratio (CET1);  | 4,5% |  |  |

| Obligation to maintain a combined buffer above the minimum amounts specified in Article 92 of the CRR, representing the sum of the applicable buffers | 31.03.2021 | 31.12.2020 |
|---|------------|------------|
| Total:  | 3,51%      | 3,51%      |
| conservation buffer   | 2,5%       | 2,5%       |
| countercyclical buffer  | 0,01%      | 0,01%      |
| systemic risk buffer  | 0%1        | 0%1        |
| <ul> <li>due to identifying the Bank as another systemically important<br/>institution ("O-SII")</li> </ul>   | 1%³        | 1%³        |

<sup>&</sup>lt;sup>1</sup> On 19 March 2020, in connection with the COVID-19, the Regulation of the Minister of Finance cancelling the systemic risk buffer came into effect

 $<sup>^{3}</sup>$  of total exposure to the risks calculated in accordance with the CRR.

| Discretionary capital requirement (an additional capital requirement in order to hedge the risk resulting from mortgage-secured loans and advances to households) | 31.03.2021 | 31.12.2020 |
|---|------------|------------|
| for the total capital ratio:  | 0,24 р.р.  | 0,24 р.р.  |
| for the Tier 1 capital ratio:   | 0,18 р.р.  | 0,18 р.р.  |
| for the Tier 1 core capital ratio:  | 0,14 р.р.  | 0,14 р.р.  |

Irrespective of the above buffers, to meet the requirements for distributing 100% of the profit, the Polish Financial Supervision Authority determined an add-on in respect of the Bank's sensitivity to an adverse macroeconomic scenario, of 0.10 p.p.

### OWN FUNDS FOR CAPITAL ADEQUACY PURPOSES

During the three months ended 31 March 2021 and in 2020, the Group's capital adequacy measures remained at a safe level, well above the supervisory limits.

 $<sup>^2</sup>$  The buffer is calculated for the exposure within the territory of the Republic of Poland. Due to the fact that the Group also conducts foreign activities, the systemic risk buffer specific to the Group was 2.88% as at the end of December 2020.

### REQUIREMENTS RELATING TO OWN FUNDS (PILLAR I)

The Group calculates own funds requirements for the following types of risk:

|   | 31.03.2021 | 31.12.2020 |
|---|------------|------------|
| Equity  | 40 574     | 39 911     |
| capital: share capital, supplementary capital, other reserves, and general risk reserve | 34 976     | 34 976     |
| retained earnings   | 3 586      | 6 142      |
| net profit or loss for the year   | 1 177      | (2 557)    |
| other comprehensive income and non-controlling interests                                | 836        | 1 350      |
| Exclusions from equity:   | 820        | 76         |
| deconsolidation - adjustments due to prudential consolidation                           | (265)      | (279)      |
| net profit or loss for the year   | 1 164      | -          |
| cash flow hedge   | (79)       | 355        |
| Other fund reductions:  | 2 665      | 2 671      |
| goodwill  | 961        | 961        |
| other intangible assets   | 1 296      | 1 264      |
| securitization items  | 62         | 67         |
| additional asset adjustments (AVA, DVA)   | 346        | 379        |
| Temporary reversal of IFRS 9 impact   | 1 434      | 1 652      |
| Tier 1 capital  | 38 523     | 38 816     |
| Tier 2 capital (subordinated debt)  | 2 700      | 2 700      |
| Equity  | 41 223     | 41 516     |
| Requirements for own funds  | 18 221     | 18 273     |
| Credit risk   | 14 940     | 14 985     |
| Operational risk  | 1 876      | 1 629      |
| Market risk   | 1 383      | 1 631      |
| Credit valuation adjustment risk  | 22         | 28         |
| Total capital ratio   | 18,10%     | 18,18%     |
| Tier 1 capital ratio  | 16,91%     | 16,99%     |

According to CRR, for capital adequacy purposes, prudential consolidation is used, unlike consolidation in accordance with IFRS, includes only subsidiaries that meet the definition of an institution, financial institution or any ancillary services enterprise. In addition, pursuant to Article 19 Paragraph 1 of the CRR, prudential consolidation may exclude entities whose total value of assets and off-balance sheet items are less than EUR 10 million. Other subsidiaries, not consolidated under the full method for the purposes of prudential consolidation are measured using the equity method.

The Group for the purposes of prudential consolidation consists of the following entities: PKO Bank Polski S.A., the PKO Leasing S.A. Group, PKO BP BANKOWY PTE S.A., PKO Towarzystwo Funduszy Inwestycyjnych S.A., the KREDOBANK SA Group, PKO Finance AB, PKO BP Finat Sp. z o.o., PKO Bank Hipoteczny S.A., the Bankowe Towarzystwo Kapitałowe S.A. Group. Non-financial and insurance entities are not subject to prudential consolidation.

The table below shows a reconciliation of items of the statement of financial position used to calculate own funds with the regulatory own funds as at 31 March 2021 and as at 31 December 2020.

# 42. CHANGES IN THE ACCOUNTING POLICIES APPLICABLE FROM 1 JANUARY 2021 AND EXPLANATION OF THE DIFFERENCES BETWEEN PREVIOUSLY PUBLISHED FINANCIAL STATEMENTS AND THESE FINANCIAL STATEMENTS

In the three-month period ended 31 March 2021, the Bank did not introduce any changes in its accounting policies.

The changes to previously published data for the period from 1 January to 31 March 2021 and as at 31 March 2021 presented below resulted from the changes introduced by the Bank in 2020:

- reclassification of fees collected from customers compensating for negative interest rates of financial liabilities (1)
- reclassification of allowances for card complaints (2)
- reclassification of net regulatory charges (3)

### **51. Subsequent events**

- 1. On 23 April 2021, the Extraordinary General Meeting of PKO Bank Polski S.A. decided to enter into settlement agreements with consumers who have entered into mortgage loan agreements with the Bank indexed to foreign currencies or denominated in foreign currencies (hereinafter: settlement agreements with consumers). According to the adopted resolution:
  - PKO Bank Polski S.A. creates a special fund in the amount of PLN 6.7 billion for the purpose of covering specific balance sheet losses that will arise as a result of recognizing the financial effects of the settlement agreements with consumers;
  - the amount of PLN 6.7 billion shall be allocated from the Bank's supplementary capital, in the part created from retained earnings available for distribution and transferred to the aforementioned special fund;
  - the General Meeting shall oblige the Bank's Management Board to present for approval to the Bank's Supervisory Board the terms and conditions on which the settlement agreements shall be concluded, including the terms and conditions of releasing from debt;

- The Bank's Management Board may enter into settlement agreements with consumers (including those releasing from debt) after the Bank's Supervisory Board has issued a positive opinion on the terms and conditions under which the agreements will be concluded, including in respect of releasing from debt. The content of individual settlement agreements should be within the terms and conditions approved by the Bank's Supervisory Board..
- 2. Pursuant to Article 399 §1 and Article 395 of the Commercial Companies Code, the Management Board of PKO Bank Polski S.A. convened a General Shareholders' Meeting of the Bank to take place on 7 June 2021 at 10 a.m. in Warsaw, ul. Puławska 15.
