The Annual General Meeting of MOL Hungarian Oil and Gas Company Public Limited Company (MOL Plc. or Company) held on 28 April 2022 approved to pay a dividend of HUF 241,933,958,400 in respect of the 2021 financial year. According to the resolution of the Annual General Meeting the dividend on treasury shares will be distributed to shareholders entitled to receive dividend, in proportion to their number of shares.

Prior to payment of the dividend, MOL Plc. will carry out a shareholder identification, based on the data of 21 July 2022 (Record Date). The last day of trading on the Budapest Stock Exchange and the Warsaw Stock Exchange for shares entitled to the dividend of 2021 financial year will be 19 July 2022 in case of T+2 days settlement (ex-coupon day: 20 July 2022). The Company is not obliged to pay any interest on dividends paid after 28 July 2022.**

According to Section 3:225. (3) of Act V of 2013 on the Civil Code, any dividend that is payable on the company's own shares shall be taken into account at nominal value as pertaining to shareholders with respect to the dividends payable on their shares. Therefore, the Dividend Per Share may change depending on how many treasury shares will be held by MOL Plc. on the Record date.

The Dividend Per Share will be announced in a separate announcement – as soon as the number of treasury shares on the record date becomes known – by the Company until 18 July 2022.

Process of dividend payment:

- 1. In respect of shareholders holding their shares in a security account with a Hungarian account keeper, the dividend will be transferred to the bank account attached to the security account held at the account keeper or to the personal bank account of the shareholder from 28 July 2022, if the above mentioned account keeper has transferred all adequate data suitable for identification of the shareholder in the requested form to KELER Ltd.**

If the account keeper inadequately identifies the owner of the respective shares by the given Record Date, the account keeper may finish the identification process later, according to KELER Ltd.'s General Business Rules. Having obtained the missing or supplementary information, KELER Ltd. determines the net dividend payable and transfers it to the account of the shareholder at its account keeper. Please note that in such cases KELER Ltd. executes supplementary transfers only once a month which shall not be considered as late payment. The Company therefore kindly asks all shareholders to request their respective account keepers to perform the said shareholders identification appropriately and in a timely manner, and in case of doubt they should check whether the account keeper has all data required for the data to be supplied to KELER Ltd. The Company and KELER Ltd. do not undertake any liability for late dividend payments arising from the delay of or incomplete, unsuitable or missing information from the shareholder or its account keeper, furthermore do not undertake any liability if the dividend is transferred to a bank account based on the direct declaration of the shareholder that differs from the bank account given by the account keeper.

We hereby notify our Shareholders that they have the opportunity to reconcile their personal data with their account keeper by 21 July 2022 at the latest, in order to ensure that the data to be provided by the account managers to KELER Ltd. are complete and accurate.

MOL Plc. will issue and send to the shareholders by post a tax certificate on the dividends paid on the shares for the year 2022 and the amount of tax deducted. The dividends paid and tax advances deducted must be included in the individual's personal income tax return in the light of the certificate received. Under the Section 5 (3) of the Act LII of 2018 on the Social Contribution Tax, the dividend income paid is not subject to social contribution tax because it is "the yield of a security listed on a stock exchange operating in any Member State of the European Economic Area and qualifying as a recognised (regulated) market under the Act on Capital Markets, which is classified as a dividend (dividend advance) under the law of that Member State".
